

# Clean Attribute Procurement Senior Task Force Monthly Progress Report

January 23, 2023

## 1. Procurement of Clean Resource Attributes

### Issue Status

Evaluation in Progress

### Target Completion

June 2023

### Progress Update

The senior task force has begun working on the solution options phase of CBIR. The group is also discussing the scope, modeling approach, and assumptions for a quantitative analysis (modeling) around various clean attribute market design solutions. It is expected that preliminary modeling results discussed in December's meeting will help inform solution package development in Q1 2023.
