## MIC - Special Session FTR Forfeiture Rule OPTIONS MATRIX

	Last updated: 2/27/14		Solution Options					
		Priority						_
#	Design Components:	(high/med/low)	Status Quo	A 100/ (not improst only)	В	C	U	E
1	FTR impact on constraint FTR exclusions			10% (net impact only) Exclusion of 500 kv (high voltage				
	IT TIX EXCIUSIONS			station) or greater				
			excluded	greater				
			Dfax <sub>sink</sub> > -10% or Dfax <sub>source</sub> < 3%					
2	INC/DEC/ UTC exclusions			Exclusion of 500 kv (high voltage				
	INC/DEC/ OTC exclusions			station) or greater				
			ridbs, or interfaces are excluded.	greater				
			INC or DEC Dfax less than 5% are					
3			excluded					
	DA constraint exclusions		Regional Interface Constraints are					
4			excluded					
_	Affiliates		Company and Affiliates are treated					
5	Forfaiture Amount		as a single organization	Only forfait amount of INIC/DECLIES	Cattle flowered ETDs in the DT			
6	Forfeiture Amount			Only forfeit amount of INC/DEC UTC, not full profit	Settle flagged FTRS III the RT			
0	INC/DEC withdrawal/injection point			PJM load weighted dfax for INCs and	PJM load weighted (DEC bid).			
	and the second s			PJM gen weighted dfax for DECs	Gen weighted (INC offer), and			
7					include transactions			
	Application to UTC transactions		Source and Sink of UTC utilized	Look at net source and sink dfax and	PJM load weighted dfax for INCs			
				take to max or min	and PJM gen weighted dfax for			
8	ETD price agreed between DA and DT		Owner days and last at	Openidas as a suituda at unia	DECs (apply 7A)			
	FTR price spread between DA and RT			Consider magnitude of price				
			magnitude of price difference	difference and possible threshold				
			Spread in RT Market is higher than					
			DA Market, then not subject to					
9			forfeiture rule					
	Application of counterflow FTRs		No application	Apply counterflow to FTRs (both				
10	INIO/DEGLITO:			directions) DA vs. RT				
11	INC/DEC UTC impact on constraint		75%	Magazira ETD forfaitures daily				
12	Frequency of Measurement Application of rule			Measure FTR forfeitures daily Apply rule to Generation Offers, Load				
13	, application of raid			bids, INCs, DECs, and UTCs
