

Resource Adequacy Sr. Task Force Draft Charter

David Anders
Director, Stakeholder Affairs
Markets & Reliability Committee
October 20, 2021

- New Sr. Task Force to be the “central clearinghouse” for consideration of capacity related issues after completion of the Critical Issue Fast Path – Minimum Offer Price Rule
- Recognizes certain scope is most appropriately addressed at other groups:
 - Quadrennial Review at the MIC Special Sessions
 - Load forecasting at the Load Analysis Subcommittee
 - Reliability products and services at the Operating Committee
- To ensure coordination, the charter includes reporting protocol for work performed at other groups
- Individual Issue Charges will be developed and approved by the Markets & Reliability Committee to scope out specific work streams (including timing)
