

# PJM NERC Data Requests

February 12, 2024

Reliability & Standards Compliance  
Subcommittee

**Actions Required:**

- Share this communication with anyone in your organization who may need this information.

PJM has issued a new **Fuel Inventory and Supply Data Request** on Friday, January 26, 2024, in accordance with PJM Manual 14-D, Generator Operational Requirements, Section 7.3.5 Fuel and Emissions Reporting. The purpose of this data request is to provide PJM with up to date information following the recent cold weather associated with Winter Storm Gerri.

This data request for all coal, oil and natural gas fired resources is mandatory. It is required for reliable operations planning purposes and enhanced PJM situational awareness. PJM will notify Generation Owners that are required to respond to this data request via an [email to the eDART Gen Contacts that includes questions and instructions for completion](#).

**PJM requires that Generation Owners and/or Market Participants or their agents complete the data request no later than 23:59 EPT on February 4, 2024.** Failure to comply with this Data Request may result in potential referral to FERC Office of Enforcement, and is potentially actionable as a violation of the Tariff, the applicable ISA, and/or Operating Agreement section 11.3.1.

The obligation to respond is not excused even if a third party asset manager or other third party contractor is responsible for fuel procurement.

Please note that PJM will share all data request responses with its independent market monitor, Monitoring Analytics, LLC. In addition, data responses could be requested by regulators and PJM would share, with member notice only, in accordance with the PJM Operating Agreement, section 18.17.

**This data request must be submitted through the eDART web forms or via eDART TXT file upload, and cannot be submitted via email.**

Questions pertaining to the eDART GO Fuel Inventory and Supply Data Request can be sent via email to [edartgosurvey@pjm.com](mailto:edartgosurvey@pjm.com) or by phone at (610) 666-2282.

This has been sent to: SOS-G, SOS-T, RSCS, OC, PC, MRC

*PJM provides this standing update to the Reliability & Standards Compliance Subcommittee to provide guidance to Registered Entities regarding PJM-related data requests applicable to certain NERC Reliability Standards, and to provide a forum through which such Registered Entities can ask questions of PJM staff. This standing update is not intended to serve as complete or definitive guidance regarding how to comply with a PJM-related data request, how to otherwise comply with specific NERC Reliability Standards, or how to otherwise carry out the obligations of Registered Entities.*
