

FTR Center Sandbox Demo Session (February 26, 2016)

- Recap
- Schedule
- Important information
- Demonstration

- FTR Center will replace eFTR as part of PJM's Legacy Application Refresh
- Core functionality remains the same
- Business rules are not changing
- New look and feel – in line with all other refreshed Tools to support modern browsers
- New browserless authentication adheres to security standards at PJM
 - eFTR id and passwords remain the same

- FTR Center Sandbox open (2/26/2016)
<https://ftrcentertrain.pjm.com/ftrcenter/pages/secure>
- Member Feedback sought by 3/31/2016
- Second demonstration – April 2016
- FTR Center Parallel production operations: May 2016
- eFTR Sandbox Retirement - end of June 2016
- eFTR Production Retirement - early July 2016

- The FTR Center page on PJM.com will be updated with additional information over the next several months. <http://www.pjm.com/markets-and-operations/etools/ftr-center.aspx>

Currently contains :

- [Quick Start Guide](#)
- [External Interface Specification Guide](#)
- [Schema](#)
- [XML Upload Template](#)

*Note - XML specifications defined in the External Specification Guide are being more strictly implemented in FTR Center. Please refer to this document for the approved XML format.

- Sandbox URL: <https://ftrcentertrain.pjm.com/ftrcenter/pages/secure/>

- Sandbox webservice URLs: *https://ftrcentertrain.pjm.com/ftrcenter/xml/query*
or *https://ftrcentertrain.pjm.com/ftrcenter/xml/submit*

- Browserless access information – [Browserless Authentication Guide](#)
